

Your business credit report is like your resume. Make sure yours tells the right story!

What's in your business credit report may impact your ability to qualify for loans, get credit terms instead of paying C.O.D., and secure a contract with vendors, suppliers, and other partners.

160,000+

Fact: The number of business credit reports pulled on companies each day using D&B data.

Other companies may be looking at your business credit report to decide whether to do business with you.

Source: D&B DATABASE

"My D&B® business credit file was incomplete and I couldn't gain the business credit I needed. Thereafter, I built my D&B credit file, and was able to get approval for \$10K per week in gas cards for my trucking business. Not only will this help improve my cash flow but it will help save my company a bundle."

– Herbert Lorfing, President
 American Orange Trucking

With our alliance, customers of Bank of America receive a special complimentary copy of their D&B® business credit file.

To walk through your report, talk to an expert from D&B. Call 1-800-247-8380**

A strong business credit file may help your ability to:

- Qualify for loans
- Lower your interest rates
- Secure supply chain contracts
- Improve your cash flow
- Negotiate better payment terms

Call the Credit Advisors at Dun & Bradstreet and ask for your complimentary business credit report. Call 1-800-247-8380, Mon–Fri 8am–9pm EST.

*Complimentary business credit report is provided through QuickView Report. One QuickView Report per D&B D-U-N-S® Number for Business Owner. Offer good through 5/31/2016.

**The information and advice provided during business consultations is provided "as-is." Dun & Bradstreet makes no representations or warranties, express or implied with respect to such information and the results of the use of such information.

Your business credit report can provide others with extensive detail about your business. Your complimentary report will contain the following:

D&B D-U-N-S® Number

The D&B D-U-N-S® Number is a nine-digit identifier for businesses and has become the standard for tracking more than 228 million businesses worldwide. A D-U-N-S Number is required to do business with hundreds of trade, government, and industry organizations around the globe. The D-U-N-S Number is also a good way to begin separating your business credit from your personal credit.
